AssetCloud: iOS app login error: Request failed: method not allowed (405)

Scott Kircher - 2018-03-23 - in AssetCloud

Symptom

When you attempt to log into AssetCloud on an iOS device (iPhone, iPad, iPod Touch), you receive an error message: Request failed: method not allowed (405)

AssetCloud
by Wasp

Service Url:

http://tenant.waspassetcloud.com

Device Name:

iOS

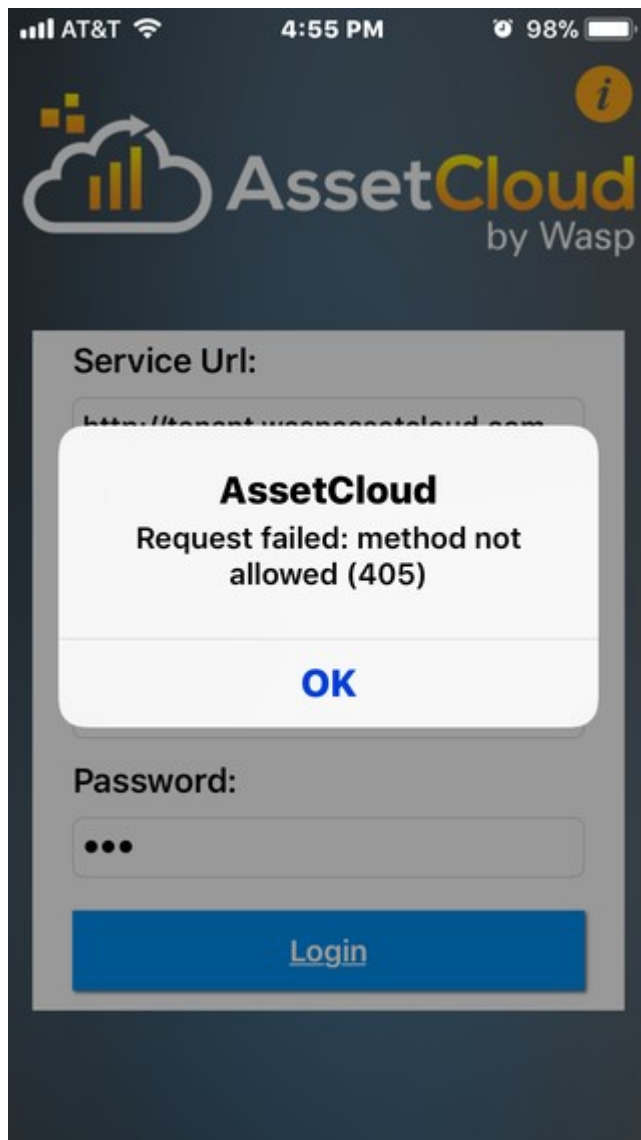

Username:

user

Password:

•••

[Login](#)

Cause

The Service Url was specified with http, but https is required.

Resolution

Add an S to http so it says https
