FedRAMP certification

Scott Leonard - 2023-04-11 - in FAQs

Wasp's Cloud-web data for AssetCloud and InventoryCloud is stored on Amazon servers, which are FedRAMP certified:

<https://aws.amazon.com/compliance/fedramp/>

Additional info:

<https://www.fedramp.gov/>

Other Wasp products are not compliant. Future products with cloud-based storage are expected to be compliant.
