Printer driver for most Wasp WPL printers

Internal User - 2018-08-31 - in Manuals and Driver

Windows print driver for WPL Label Printers (see below for full list of models). This driver is compatible with 32-bit and 64-bit versions of Windows 10, 8, 7, Vista, XP, and Windows Server 2003, 2008, 2012, 2016.

Click on the link below or copy the link to your web browser:

http://dl.waspbarcode.com/wasp/wplprinterdriver2018.exe

Before installing the driver to a new printer, turn on the printer, wait for the status light to display green, then plug its USB cable into the PC. After Windows installs its USB Printing Support driver (seen in Devices and Printers under Unspecified), the printer is ready for driver installation.

Run the downloaded file, which extracts the drivers and runs the DriverWizard. You will see references to Seagull Scientific, Inc., which is normal. Follow the prompts to upgrade an older driver, or install a new driver.

If you are replacing an older version of the driver, the DriverWizard can upgrade in place. Reboot the PC if prompted. After you log back in, it may prompt to reboot again; please do so. When you log in again, it should confirm removal of the old driver(s).

After installing the driver, configure the printer properties (in Devices & Printers, or Printers & Faxes) with the correct label size, since it will be set back to the default.

==

Below is the full list of printers supported by this driver (sorted by number). All entries are for the standard 203 DPI print head, unless otherwise specified.

WPL4MB

WPL4ML

WHC25

WPL25

WPL-204

WPL-205

WPL206M, WPL206U

WPL-303

WPL304

WPL-305 (includes WPL305E)

WPL308

WPL308-300 (300 DPI print head)

WPL308-600 (600 DPI print head)

WPL406

WPL-604

WPL-606

WPL-608

WPL-608-300 (300 DPI print head)
