WaspTime v7 Editions: What is included?

Scott Leonard - 2020-03-04 - in Version 7

WaspTime Standard:

Client software (including PC Punch) can be installed on more than one PC. Includes 50 employee licenses and 1 admin/manager license. Additional admin/manager and/or employee licenses are available from Sales, but only 1 admin/manager can log in at the same time.

WaspTime Professional:

Client software (including PC Punch) can be installed on more than one PC. Includes 100 employee licenses and 5 admin/manager licenses. Additional admin/manager and/or employee licenses are available from Sales. Up to 5 admin/manager users can log in at the same time. WaspTime Web included.

WaspTime Enterprise:

Client software (including PC Punch) can be installed on more than one PC. Includes unlimited employee licenses and admin/manager licenses. Unlimited admin/manager users can log in at the same time. WaspTime Web included.

All Editions can install the WaspTime Server Service on a different computer from the database.
