WDT2200 - I have loaded Mobile Inventory on the 2200, but cannot start the program.

Sicaro Burnett - 2017-04-10 - in Mobile Computers

After a program is downloaded to the handheld, press and hold CMD to enter user mode.
Then choose 1. Run. press the -> key to toggle through the stored executable programs.
Find the program called MI4WDT.exe and press ENT to run the program.
