ActiveX and DLL - After installation of full version, the four Start Menu items 'Wasp Bar Code ActiveX and DLL' are listed as demos.

Scott Leonard - 2017-04-10 - in Discontinued Products

The four items listed in the Start menu are example programs, created using our tools, to demonstrate the functionality of the product. The full versions of all of the files are loaded on your system and are available in any applicable development environment. (Visual Basic, Visual C++, etc.)
