

DR5 mobile device: How to Hot-Swap the battery

Scott Leonard - 2021-01-19 - [Mobile Computers](#)

1. The USB cable must NOT be plugged in (the device will remind you if the cable is plugged in)
2. Long-press the power button
3. Tap on Battery Swap. The screen will turn off and the LED will be red.
4. Perform the battery swap.
5. Press the power button to turn the DR5 back on.
