## Fontware - Trouble installing the Fontware add-in for MS Access

Scott Barnett - 2017-04-10 - in Discontinued Products

1. Open Access.
2. Click on Tools->Add-ins -> Add-in Manager.
3. Click on the "Add New..." button and browse to the folder C:\Program Files\Wasp Bar Code\Add-ins\Access\Prog.
4. If you have office 97, double-click the wbcaac97.mde file to install the add-in. If you have Office 2000, double-click the wbcaac2k.mde file to install the add-in.
