## **InventoryControl - I need to clear pictures I added to the reports using the ImageStorage utility**

If you have used the ImageStorage utility to add pictures to your Purchase Order or Pick Order print outs, download and extract this file on the server machine:

<https://dl.waspbarcode.com/wasp/SupportFiles/ClearImageStorageV6.zip>

There is a separate batch file for each of the 4 reports, ClearImage<report>.bat. Run the one for the report you need to clear the image from.
