InventoryControl: Printed Purchase Order or Pick Order shows random text characters instead of the barcode

Max Holden - 2023-01-20 - Software

The barcode fonts used for printing the purchase order are missing or corrupt. Extract this file to C:\Windows\Fonts, replacing existing files if prompted:
https://dl.waspbarcode.com/wasp/supportfiles/kbimages/ic7/w128mem.zip

If InventoryControl is still running, quit and relaunch so the change takes effect.
