Labeler - Error - I am trying to create an EAN-13 from a 13 digit number in Labeler, but I am getting an error 32503. How do I fix this?

Internal User - 2017-04-10 - [Version 6](#)

To create an EAN-13 bar code, only put the first 12 digits as the value. The 13th digit is a check digit that will automatically be calculated by Labeler.
