Labeler - How To - How can I hide part of the barcode caption? For example, the barcode value is 99K123456, but I want the caption to read: 123456

Internal User - 2017-04-10 - in Version 6

1. Right click on the barcode in question and choose "Source".
2. Click on the button labeled "Convert to Substrings"
3. In BarCode1.000, enter the text for the first part of the barcode.
4. In BarCode1.001, enter the text for the second part of the barcode..
5. Uncheck "Include in barcode caption" on the Substring Details tab for the substring you do not want displayed.
6. Click OK.
