---

Labeler v7: crashes at launch, logged error:  
ViewModelLocator Constructor Error: Index was out of range.  
Must be non-negative and less than the size of the collection.

Scott Leonard - 2020-07-09 - in Version 7

Labeler crashes every time when launched, with the following error logged:

```
2020-07-09 07:55:47.015      1 FATAL    | ViewModelLocator Constructor Error
Index was out of range. Must be non-negative and less than the size of the collection.
      | Parameter name: index
      | at WASP.WPF.Common.ViewModel.MainViewModel..ctor()
      | at
WASP.WPF.Common.ViewModel.ViewModelLocator.CreateMain()
      | at WASP.WPF.Common.ViewModel.ViewModelLocator..ctor()
```

Cause: Windows Regional formatting is not set to English (United States) which is required.

Resolution: In the Windows control panel Region and Language, Formats tab, change the Format to English (United States)
