Thermal Receipt Printers: Can you use generic paper rolls in Wasp's Receipt printer?

Internal User - 2018-02-05 - Printers
You can use generic rolls. They must be single ply thermal paper with the following dimensions:

Type: thermal receipt paper

Width: 3.13" +/- 0.02" (79.5mm +/- 0.5mm)

Core: unglued

Maximum roll diameter: 3.27" (83mm)

This applies to all of Wasp's receipt printer models, including:

- RP300H
- RP330
- RP200
- WRP8055
- WTP100
