WWS800 series scanner serial cable

Scott Leonard - 2017-06-22 - in WWS800/850

The WWS800 series scanner's serial/RS232 cable has a female DB9 serial plug at one end (goes to PC) and a male HD15 plug at the other (goes to cradle/base station). The serial pinouts are standard serial signals, and they are connected to the HD15 plug as follows:

HD15	DB9
	

	1
4	2 TXD
2	3 RXD
	4
15	5 GND
	6
3	7
1	8
6	9
