Time to update to WaspTime 7

2013-11-21 - Internal User - General

The new and improved WaspTime 7 is now available.

WaspTime 7 includes new features like payroll exporting for salaried employees plus report filtering for employees, managers, departments, and now groups. The Pro and Enterprise editions of WaspTime 7 now gives you the ability to schedule a report to automatically print/email to designated users when it's scheduled.

WaspTime 7 adds an improved clock utility that allows users to setup and manage users in multi-clock environments from a single PC.

As of October 16, 2013, WaspTime 6 has been retired and is no longer supported.

For more information on upgrading to WaspTime 7 contact our sales department by Live Chat, email or give us a call.
